

RIF**SONIC**

Sonic 4000W MSRP starting at \$2,999**

FEATURING THE CYC PHOTON PRO 4000W MOTOR

The new **RIF Sonic 7-speed** ebike is designed for fun. We started with classic dirt jumper geometry and then fined tuned it to match out with **CYC Photon Pro 4000W**, two battery options, mag wheels, and disc brakes. The bike is balanced to be fast and playful.
